

LIFE Integrated projects 2020

Environment

Stage 2 – FULL PROPOSAL

Technical application forms

Part A – administrative information

FOR ADMINISTRATION USE ONLY

LIFE20 IPE/

PROJECT

Project title (*max. 120 characters*):

Biodiv'Est

Project acronym (*max. 25 characters*): Biodiv'Est

The project will be implemented in the following Country(s) and/or Administrative region(s):

Grand Est (France)

Expected start date: October 2021

Expected end date: October 2031

PROJECT POLICY AREA

You can only tick one of the following options:

LIFE Integrated Project Nature: Integrated project implementing prioritised action frameworks pursuant to Article 8 of the Habitats Directive which may include Green Infrastructure actions that contribute to the coherence of the Natura 2000 network in a cross-border context

☒

LIFE Integrated Project Environment: Integrated project implementing:

- waste management plans pursuant to Article 28 of the Waste Framework Directive ☐
- river basin management plans pursuant to Annex VII to the Water Framework Directive ☐
- air quality plans pursuant to the Air Quality Directive or national air pollution control programmes pursuant to the National Emission Ceilings Directive. ☐

The project aims at implementing the following plan/strategy (***full copy is to be provided in attachment***):

Prioritised Action Framework 2014-2020

Prioritised Action Framework 2021-2027

Grand Est Region Strategy for Biodiversity 2020-2027

BENEFICIARIES

Name of the **coordinating** beneficiary (1): Conseil Régional Grand Est

Name of the associated beneficiary (2): ODONAT Grand Est

Name of the associated beneficiary (3): Conservatoire des Espaces Naturels de Lorraine

Name of the associated beneficiary (4) : Conservatoire des Sites Alsaciens

Name of the associated beneficiary (5) :Conservatoires des Espaces Naturels de Champagne Ardennes

Name of the associated beneficiary (6): Conservatoire Botanique National du Bassin Parisien

Name of the associated beneficiary (7): Chambre Régionale agriculture Grand Est

Name of the associated beneficiary (8) : Association Régionale pour l'Initiation à l'Environnement et à la Nature en Alsace

Name of the associated beneficiary (9) : Parc Naturel Régional des Ballons des Vosges

Name of the associated beneficiary (10) :Parc Naturel Régional de la Forêt d'Orient

Name of the associated beneficiary (11) :Parc Naturel Régional de Lorraine

Name of the associated beneficiary (12) :Parc Naturel Régional de la Montagne de Reims

Name of the associated beneficiary (13) :Parc Naturel Régional des Vosges du Nord

Name of the associated beneficiary (14) : Parc National des Forêts

Name of the associated beneficiary (15) :Parc Naturel Régional des Ardennes

PROJECT BUDGET AND REQUESTED EC FUNDING
--

Total integrated project budget: 26 109 400 €

Total LIFE eligible project budget 26 109 400 €

EC LIFE financial contribution requested: 15 6550424 € (= 60 % of total eligible budget)

Brief description of the Coordinating Beneficiary's activities and experience in the area of the proposal					
Le Conseil Régional Grand Est est une collectivité territoriale du Nord-Est de la France. Ses principales compétences portent sur le développement économique, la gestion des fonds structurels européens, l'organisation des trains régionaux, les lycées, l'environnement et la transition écologique et énergétique, les équipements structurants, l'aménagement du territoire, la culture, le sport, le logement et la politique de la ville. Le Conseil Régional est chef de file des collectivités en matière de biodiversité, de qualité de l'air, de climat et d'énergie. Il a adopté en 2019 le Schéma Régional d'Aménagement, de Développement Durable et d'Egalité des Territoires (qui intègre des volets sur la Trame Verte et Bleue, la végétalisation des villes et l'adaptation au changement climatique). Il a mené l'élaboration de la Stratégie Régionale Biodiversité (en étroite relation avec ses partenaires) et anime les 6 Parcs Naturels Régionaux et le réseau des 25 Réserves Naturelles Régionales. Il finance également un réseau de 56 structures d'éducation à l'environnement, 3 conservatoires botaniques et les 28 structures naturalistes en charge des suivis d'espèces végétales et animales. La région Grand Est est la région métropolitaine qui possède le plus de frontières. Sa position transfrontalière au coeur de l'Europe l'amène à échanger avec les régions et pays voisins sur la gestion de l'eau et de la biodiversité.					

COORDINATING BENEFICIARY DECLARATION

The undersigned hereby certifies that:

1. The specific actions listed in this proposal do not and will not receive aid from the European Structural and Investment Funds or other European Union funding programmes. In the event that any such funding will be made available after the submission of the proposal or during the implementation of the project, my organisation will immediately inform the Contracting Authority.
2. My organisation, the Conseil Régional Grand Est, has not been served with bankruptcy orders, nor has it received a formal summons from creditors. My organisation is not in any of the situations listed in Articles 136 (1) and 141 the EU Financial Regulation¹.

My organisation (which is legally registered in the European Union) will contribute to the project in line with the amounts detailed in form FC. My organisation will participate in the implementation of the project as detailed in this proposal.

3. My organisation will conclude with the associated beneficiaries and co-financiers any agreements necessary for the completion of the work, provided these do not infringe on their obligations, as stated in the grant agreement with the Contracting Authority. Such agreements will be based on the model proposed by the Contracting Authority. They will describe clearly the tasks to be performed by each associated beneficiary and define the financial arrangements.
4. I commit to comply with all relevant eligibility criteria, as defined in the LIFE Multiannual Work Programme 2018-2020 and the LIFE Call for Proposals including the LIFE Guidelines for Applicants.

I am legally authorised to sign this statement on behalf of my organisation.

I have read in full the LIFE Model Grant Agreement with special and general conditions for integrated projects and the Financial and Administrative Guidelines provided with the LIFE application files.

I certify to the best of my knowledge that the statements made in this proposal are true and the information provided is correct.

Name(s) and status of signatory: Jean ROTTNER, Conseil Régional Grand Est President

Jean ROTTNER

¹ Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012, OJ L 193, 30.7.2018, p. 1

PUBLIC BODY DECLARATION

The undersigned hereby certifies that:

My organisation (*add organisation's name*) Conseil Régional Grand Est is either

A. State or regional or local authority,

or

B. a body governed by public law, or an association formed by one or more of such authorities or bodies governed by public law, or an entity registered as private law body wishing to be considered for the purpose of this call as equivalent to "public body"; **it fulfils all four following criteria** and will prove it by providing evidence upon first request::

1. it is established for the specific purpose of meeting needs in the general interest, not having an industrial or commercial character, and
2. it has a legal personality and
3. it is financed, for most part, by the State, or regional or local authorities, or other bodies governed by public law; or subject to management supervision by those bodies; or having an administrative, managerial or supervisory board, more than half of whose members are appointed by the State, regional or local authorities or by other bodies governed by public law, and
4. **in the event the organisation stops its activities, its rights and obligations, liability and debts will be transferred to a public body.**

It should be therefore considered a "public body" for the purpose of this LIFE 2020 call for integrated project proposals.

I am legally authorised to sign this statement on behalf of my organisation.

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal				
ODONAT Grand Est is a network of 28 naturalist associations spread across the Grand Est region, each specialising in one or more areas of naturalist expertise. ODONAT Grand Est is a non-profit organisation authorised at regional level dedicated to nature and environmental protection and the improvement of the quality of life. Its main purpose is to study and protect the fauna, flora, fungi and natural environments of the Grand Est. The data collected by the network helps to build a precious biodiversity knowledge base for the Grand Est region, whose analysis is essential when planning conservation projects. The network mobilises the associations' observers on the ground, guarantees validation of the data gathered and provides data governance to ensure they are put to the most effective use to influence public policies. It provides technical assistance to local authorities and takes part in the management of projects to enhance knowledge of biodiversity and promote conservation.

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal

The Lorraine Conservatory of Natural Areas (CENL), created in 1984, is a member of the Fédération des Conservatoires d'Espaces Naturels, and is recognised in Article L 414-11 of the Environmental Code and approved by the State and the Region.

The CENCA preserves natural environments and species threatened with extinction. Covering 4 departments of the former Lorraine region, the CENL manages, through a partnership framework, over 6500 hectares of grasslands, marshes, ponds, meadows, forests and bat habitats, spread over 340 sites.

The CENL is a privileged consultant to the State and local authorities for the highlighting and development of public policies in favour of biodiversity in the territory, for the concrete implementation of these policies and for experimental activities in the management and restoration of natural environments.

The CENL is active in various projects, notably: intervention in the implementation of green and blue belts, coordination of regional action plans (Liparis, maculinea and amphibians), assistance to the local authorities, land managers and owners, accompaniment of the Natura 2000 policy with the involvement of 29 Natura 2000 sites in the region.

CENL is currently involved in two other LIFE projects as associated beneficiary :

- LIFE19 NAT/BE/000093 "CONNEXIONS" - Priority actions for grasslands, meadows, humid forests and associated species in Wallonia and Great East regions

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal				
Créé en 1976, le Conservatoire d'Espaces Naturels d'Alsace est une association reconnue d'utilité publique experte dans la protection de la nature en Alsace. Le CEN Alsace est membre de la Fédération des Conservatoires Régionaux d'Espaces Naturels, est reconnu à l'article L 414-11 du Code de l'Environnement et agréé par l'Etat et la Région Grand Est. Afin de garantir une conservation des espaces naturels protégés sur le long terme, le CEN Alsace a opté pour une méthode propre aux Conservatoires d'Espaces Naturels : l'acquisition ou la location des sites naturels. En protégeant 374 sites représentant 3614 hectares de milieux naturels, le CEN Alsace protège également la biodiversité qu'ils abritent et garantit les services écosystémiques rendus par ces milieux (régulateurs naturels du réchauffement climatique, stockage du carbone, alimentation en eau lors des sécheresses ou stockage lors des crues). Le CEN ALSACE un interlocuteur privilégié de l'État et des collectivités territoriales pour l'émergence et le développement de politiques publiques en faveur de la biodiversité sur le territoire, pour la mise en œuvre concrète de ces politiques et pour l'expérimentation d'actions de gestion et de restauration de milieux naturels. Avec 141 conservateurs bénévoles et plusieurs dizaines de milliers d'heure de bénévolat, le CEN Alsace inscrit l'engagement citoyen au cœur de son action et au plus près des territoires de biodiversité. Par ailleurs, l'équipe professionnelle mobilisée pour ce projet présente toutes les compétences requises (techniques, scientifiques, concertation) pour atteindre les objectifs attendus. Le CEN Alsace a participé aux projets LIFE suivants : - LIFE Nature Tourbières de France 1995-1999, bénéficiaire-coordonateur : FCEN - LIFE Nature Pelouse sèche relictuelle 1998-2002, bénéficiaire-coordonateur : FCEN - LIFE Nature Rhin vivant 2002-2007, bénéficiaire-coordonateur : Région Alsace - LIFE Nature Lauter-Donon 2006-2012, bénéficiaire-coordonateur : ONF Alsace

Country Code	FR	Country Name	France		
Brief description of the Associated Beneficiary's activities and experience in the area of the proposal					
The Champagne-Ardenne Conservatory of Natural Areas (CENCA), created in 1988, is a member of the Fédération des Conservatoires d'Espaces Naturels, and is recognised in Article L 414-11 of the Environmental Code and approved by the State and the Region. The CENCA preserves natural environments and species threatened with extinction. Covering 4 departments of the former Champagne-Ardenne region, the CENCA manages, through a partnership framework, over 4,461 hectares of grasslands, marshes, ponds, meadows, forests and bat habitats, spread over 245 sites. The CENCA is a privileged consultant to the State and local authorities for the highlighting and development of public policies in favour of biodiversity in the territory, for the concrete implementation of these policies and for experimental activities in the management and restoration of natural environments. The CENCA is active in various projects, notably: intervention in the implementation of green and blue belts, coordination of regional action plans (bats, maculinea and amphibians), assistance to the local authorities, land managers and owners, accompaniment of the Natura 2000 policy with the involvement of almost one third of the Natura 2000 sites in the region, i.e. 32 sites. CENCA is currently involved in two other LIFE projects as associated beneficiary : - LIFE18 GIE/FR/001029 "Naturarmy" - To promote and strengthen the Army as a Natura 2000 site manager, in France and in Europe - LIFE19 NAT/BE/000093 "CONNEXIONS" - Priority actions for grasslands, meadows, humid forests and associated species in Wallonia and Great East regions					

ASSOCIATED BENEFICIARY DECLARATION and MANDATE

I, the undersigned,

Bruno DAVID, Président
representing,

The Muséum national d'histoire naturelle
Public institution of a scientific, cultural and professional character
statutes published by decree 2001-916 of 3 October 2001
SIRET : 18004417400019 APE : 9103Z
9 rue Gustave Eiffel, 10430 ROSIERES-PRES-TROYES
Intra-EU VAT number : FR 62180044174
hereinafter referred to as "the associated beneficiary",

for the purpose of signing and implementing the grant agreement under the European call for proposals LIFE Integrated Projects 2020 – Environment and Climate Actions sub-programs of European Community (hereinafter referred to as "the grant agreement") hereby:

1. Mandate

Le Conseil Régional Grand Est (CRGE)
Public Organism (local authority)
SIRET 200 052 264 00013
1, place Adrien Zeller
VAT No FR 53 200 052 264

represented by Jean ROTNER, President,

(hereinafter referred to as "the coordinating beneficiary")

to sign in my name and on my behalf the grant agreement and its possible subsequent amendments with the Contracting Authority.

2. Mandate the coordinating beneficiary to act on behalf of the associated beneficiary in compliance with the grant agreement.

I hereby confirm that the associated beneficiary accepts all terms and conditions of the grant agreement and, in particular, all provisions affecting the coordinating beneficiary and the associated beneficiaries. In particular, I acknowledge that, by virtue of this mandate, the coordinating beneficiary alone is entitled to receive funds from the Contracting Authority and distribute the amounts corresponding to the associated beneficiary's participation in the action.

I hereby accept that the associated beneficiary will do everything in its power to help the coordinating beneficiary fulfil its obligations under the grant agreement, and in particular, to provide to the coordinating beneficiary, on its request, whatever documents or information may be required.

I hereby declare that the associated beneficiary agrees that the provisions of the grant agreement, including this mandate, shall take precedence over any other agreement between the associated beneficiary and the coordinating beneficiary which may have an effect on the implementation of the grant agreement.

I furthermore certify that:

1. The associated beneficiary has not been served with bankruptcy orders, nor has it received a formal summons from creditors. My organisation is not in any of the situations listed in Articles 136 (1) of the EU Financial Regulation¹.
2. The associated beneficiary will contribute to the project in line with the amounts detailed in Form FC.
3. My organisation will participate in the implementation of the project as detailed in this proposal. The associated beneficiary will conclude with the coordinating beneficiary an agreement necessary for the completion of the work, provided this does not infringe on our obligations, as stated in the grant agreement with the Contracting Authority. This agreement will be based on the model proposed by the Contracting Authority. It will describe clearly the tasks to be performed by my organisation and define the financial arrangements.
4. I commit to comply with all relevant eligibility criteria, as defined in the LIFE Multiannual Work Programme 2018-2020 and the LIFE Call for Proposals including the LIFE Guidelines for Applicants.

This declaration and mandate shall be annexed to the grant agreement and shall form an integral part thereof.

I am legally authorised to sign this statement on behalf of my organisation.

I have read in full the LIFE Model Grant Agreement with Special and General conditions for integrated projects and the Financial and Administrative guidelines provided with the LIFE application files.

I certify to the best of my knowledge that the statements made in this proposal are true and the information provided is correct.

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal				
Le PNRBV est un territoire aux patrimoines naturels et culturels riches et fragiles. Son projet est élaboré en concertation avec ses collectivités adhérentes et ses partenaires. Il vise à assurer durablement la protection, la valorisation et le développement harmonieux de son territoire. Le PNRBV est un territoire aux enjeux écologiques et touristiques importants. Avec le développement des activités de sport et de nature, la fréquentation au sein des espaces naturels a dû être organisée pour préserver la quiétude de la faune sauvage. C'est donc à partir de 2011, dans le cadre de Natura 2000, que des zones de quiétude (actuellement 55 000 ha) ont été mises en place. Un vaste programme de sensibilisation et de communication (Quiétude Attitude) a été développé autour de ces zones. La charte du PNRBV 2012-2027 fixe également des mesures spécifiques relatives à la gestion des fréquentations et de la quiétude, déclinées au travers d'un schéma de la biodiversité et des paysages (action 9 : organisation des fréquentations pour assurer la quiétude de la faune).

3. it is financed, for most part, by the State, or regional or local authorities, or other bodies governed by public law; or subject to management supervision by those bodies; or having an administrative, managerial or supervisory board, more than half of whose members are appointed by the State, regional or local authorities or by other bodies governed by public law, and
4. **in the event the organisation stops its activities, its rights and obligations, liability and debts will be transferred to a public body.**

It should be therefore considered a "public body" for the purpose of this LIFE 2020 call for integrated project proposals.

I am legally authorised to sign this statement on behalf of my organisation.

At **MUNSTER** on **22 MARCH 2021**

Signature of the Coordinating Beneficiary:

A handwritten signature in black ink is written over a blue circular official stamp. The stamp contains the text "Parc Naturel Régional des Ballons des Vosges" around the perimeter and "MUNSTER" at the bottom. In the center of the stamp is a stylized graphic of a mountain peak and a sun.

Name(s) and status of signatory: **Laurent SEGUIN, Président du Parc naturel régional des Ballons des Vosges**

ASSOCIATED BENEFICIARY DECLARATION and MANDATE

I, the undersigned,

Philippe PICHERY, President

representing,

Parc naturel régional de la Forêt d'Orient [PNRFO]

Syndicat mixte pour l'aménagement et la gestion du Parc naturel régional de la Forêt d'Orient

SIRET 25100157400010

Maison du Parc, 10220 PINEY

hereinafter referred to as "the associated beneficiary",

for the purposes of the signature and the implementation of the grant agreement LIFE Integrated projects Grand Est with the Contracting Authority (hereinafter referred to as "the grant agreement")

hereby:

1. Mandate

Le Conseil Régional Grand Est (CRGE)

Public Organism

SIRET 200 052 264 00013

1, place Adrien Zeller

VAT No FR 53 200 052 264,

represented by Jean ROTNER, President, (hereinafter referred to as "the coordinating beneficiary")

to sign in my name and on my behalf the grant agreement and its possible subsequent amendments with the Contracting Authority.

2. Mandate the coordinating beneficiary to act on behalf of the associated beneficiary in compliance with the grant agreement.

I hereby confirm that the associated beneficiary accepts all terms and conditions of the grant agreement and, in particular, all provisions affecting the coordinating beneficiary and the associated beneficiaries. In particular, I acknowledge that, by virtue of this mandate, the coordinating beneficiary alone is entitled to receive funds from the Contracting Authority and distribute the amounts corresponding to the associated beneficiary's participation in the action.

I hereby accept that the associated beneficiary will do everything in its power to help the coordinating beneficiary fulfil its obligations under the grant agreement, and in particular, to provide to the coordinating beneficiary, on its request, whatever documents or information may be required.

I hereby declare that the associated beneficiary agrees that the provisions of the grant agreement, including this mandate, shall take precedence over any other agreement between the associated beneficiary and the coordinating beneficiary which may have an effect on the implementation of the grant agreement.

I furthermore certify that:

1. The associated beneficiary has not been served with bankruptcy orders, nor has it received a formal summons from creditors. My organisation is not in any of the situations listed in Articles 136 (1) of the EU Financial Regulation¹ .
2. The associated beneficiary will contribute to the project in line with the amounts detailed in Form FC.
3. My organisation will participate in the implementation of the project as detailed in this proposal. The associated beneficiary will conclude with the coordinating beneficiary an agreement necessary for the completion of the work, provided this does not infringe on our obligations, as stated in the grant agreement with the Contracting Authority. This agreement will be based on the model proposed by the Contracting Authority. It will describe clearly the tasks to be performed by my organisation and define the financial arrangements.
4. I commit to comply with all relevant eligibility criteria, as defined in the LIFE Multiannual Work Programme 2018-2020 and the LIFE Call for Proposals including the LIFE Guidelines for Applicants.

This declaration and mandate shall be annexed to the grant agreement and shall form an integral part thereof.

I am legally authorised to sign this statement on behalf of my organisation.

I have read in full the LIFE Model Grant Agreement with Special and General conditions for integrated projects and the Financial and Administrative guidelines provided with the LIFE application files.

I certify to the best of my knowledge that the statements made in this proposal are true and the information provided is correct.

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal					
Created in 1970, the PnrFO is one of the six Regional Nature Parks of the Grand Est region and one of the three in the territory of the former Champagne-Ardenne region. The PnrFO is located in the Grand Est region, in the Aube department (10), 30 kilometres west of Troyes, between the Chalk Champagne and the Côte des Bar. 23 000 hectares over the 80 020 hectares Park's territory are composed of forests. The territory of the Park largely belongs to the Great Lakes region at the heart of the internationally recognised "Arc humide" and "Wet Arc" unit of Champagne. Numerous other exceptional sites make up the rich natural heritage of the PnrFO. the Réserve Naturelle Nationale de la Forêt d'Orient, the Réserve Naturelle Régionale of the Wet Meadows of Courteranges, the Ramsar site "Etangs de la Champagne Humide" are just a few examples. These environments contain a remarkable and recognised biological diversity. More than 265 species of birds have already been observed; about sixty species of mammals (European Otter...), amphibians and reptiles including 13 species of amphibians protected in France (Spotted Salamander, Yellow-bellied Ringlet...) and numerous insects (butterflies, dragonflies) have been observed on the territory. In 2005, 50 species of dragonflies and more than 793 species of fungi were recorded in the Park. 10 habitats of community interest have been identified, three of which are forested: Alluvial forests with <i>Alnus glutinosa</i> and <i>Fraxinus excelsior</i>, Sub-Atlantic and Medio-European pedunculate oak groves or holm oak groves of <i>Carpinus betuli</i> and Old acidophilous oak groves of the sandy plains with <i>Quercus robur</i>. The objectives of the PnrFO are to protect natural areas, helping and/or ensuring the development of the territory, enhance and publicise it and to be a territory for experimentation in different fields. The PnrFO is active in various projects, notably: animation of 6 Natura 2000 sites, representing a total of 46% of the surface area of the Park; long-term preservation of the wetlands (inventories of the fauna and flora, study of the hydrological functioning of the marshes in the north of the Park, etc.). Within the framework of its Forestry Territorial Charter, the Park acts in consultation with local actors linked to the forest and wood to respond to the following issues: - Supporting a forest development policy, - Structuring and energising the timber industry,					

- Harmonise management and exploitation methods with a view to the sustainable use of the resource and the preservation of biodiversity,
- Improve the reception of the public in the forest.

Country Code	FR	Country Name	FRANCE	
Brief description of the Associated Beneficiary's activities and experience in the area of the proposal				
Lorraine Parc naturel regional The Lorraine Parc Naturel Regional is located in the northeast of France, not far from Metz and Nancy. Created in 1974, he is one of the six Regional Nature Parks of the Grand Est region. 35 % of the territory is covered with forest and 22% of herbaceous environments. With its numerous wetlands (340 ponds) make up a fragile and important network of natural heritage. The Nature Reserves of Madine, Lachaussée and the Lindre Estate are famous. Two of these reserves (Lachaussée and Lindre) are recognized as prestigious international RAMSAR sites. The richness in flora and fauna of these two remote areas, just 60 km apart, is also exceptional. Some endangered species still occur: Bittern, Little bittern and Purple heron all breed. There are other rare species: Montagu's Harrier, Little Crake and Collared Flycatcher. And species with special habitat requirements such as: Corncrake, White and Black Storks, Osprey, Eagles and Shorteared Owls. Lorraine wetlands are also a stopover, sometimes for long periods, for very many migratory birds (Cranes...) and a wintering area for many northern species.				

The objectives of the Lorraine Parc naturel régional are to protect natural areas, helping and/or ensuring the development of the territory, enhance and publicise it and to be a territory for experimentation in different fields.

The PnrL is active in various projects, notably: animation of 11 Natura 2000 sites, representing a total of 14% of the surface area of the Park; long-term preservation of the wetlands (inventories of the fauna and flora, etc.).

PUBLIC BODY DECLARATION

Les Vosges du Nord ont été classées en tant que Parc Naturel Régional en 1975. En 1989, L'UNESCO a classé ce territoire comme Réserve de Biosphère, et en 1998 en tant que Réserve de Biosphère Transfrontalière avec la Natürpark Pfälzerwald (Allemagne). Le territoire est à cheval sur les territoires du Bas-Rhin et de la Moselle (NUTS 3) au sein de la Région Grand-Est (NUTS 2). Le Parc s'étend sur 133 000 ha entre la plaine du Rhin et le plateau Lorrain. La plus grande partie du territoire est composée du Massif forestier des Vosges du Nord, collines gréseuses entrecoupées de vallées étroites. L'équipe du Parc Naturel Régional des Vosges du Nord, actuellement composée de 44 employés intervient dans différents domaines tels que la protection de la nature, le développement culturel, les conseils pour l'aménagement du territoire, la pédagogie et la promotion d'un tourisme durable et respectueux de l'environnement. Au sein de cette équipe, le Pôle "Nature et Agriculture" met en oeuvre la stratégie de protection de la nature du Parc Naturel. Les actions de suivi, d'animation, de formation et de conseil ont pour objectif d'assurer le maintien de la biodiversité et des écosystèmes. Les principales activités sont : - L'accompagnement techniques des élus et des gestionnaires du territoires (aménagement forestiers, gestion des cours d'eau, agriculture) - La gestion de la Réserve Naturel Nationale des Rochers et tourbières du Pays de Bitché - La mise en oeuvre de la Trame Verte et Bleue - Le suivi d'espèces et d'habitats remarquables - La mise en oeuvre de programmes de recherche en sciences de la nature et en sciences humaines en partenariat avec le milieu universitaire - La sensibilisation du public aux enjeux de protection de la nature Ces actions sont mises en oeuvres par 8 chargé.e.s de mission en partenariat avec les collectivités locales adhérentes au Parc, les associations locales et les universités.				

PUBLIC BODY DECLARATION

The undersigned hereby certifies that:

My organisation **Syndicat de Coopération pour le Parc naturel régional des Vosges du Nord (SYCOPARC)** is either

A. State or regional or local authority,

or

B. a body governed by public law, or an association formed by one or more of such authorities or bodies governed by public law, or an entity registered as private law body wishing to be considered for the purpose of this call as equivalent to "public body"; **it fulfils all four following criteria** and will prove it by providing evidence upon first request::

1. it is established for the specific purpose of meeting needs in the general interest, not having an industrial or commercial character, and
2. it has a legal personality and
3. it is financed, for most part, by the State, or regional or local authorities, or other bodies governed by public law; or subject to management supervision by those bodies; or having an administrative, managerial or supervisory board, more than half of whose members are appointed by the State, regional or local authorities or by other bodies governed by public law, and
4. **in the event the organisation stops its activities, its rights and obligations, liability and debts will be transferred to a public body.**

It should be therefore considered a "public body" for the purpose of this LIFE 2020 call for integrated project proposals.

I am legally authorised to sign this statement on behalf of my organisation.

At **La Petite-Pierre** on **19th March 2021**

Signature of the Coordinating Beneficiary:

Michaël WEBER, President of the SYCOPARC - Syndicat de Coopération pour le Parc naturel régional des Vosges du Nord

ASSOCIATED BENEFICIARY DECLARATION and MANDATE

I, the undersigned,

Nicolas SCHMIT, President,

representing,

Parc national de forêts [PNFor]

Etablissement public administratif

SIRET : 130 025 935 00011

20 rue Anatole Gabeur 52210 ARC-EN-BARROIS, FRANCE

hereinafter referred to as "the associated beneficiary",

for the purposes of the signature and the implementation of the grant agreement Biodiv'Est with the Contracting Authority (hereinafter referred to as "the grant agreement")

hereby:

1. Mandate

Le Conseil Régional Grand Est (CRGE)

Organisme public (Collectivité locale)

SIRET 200 052 264 00013

1, place Adrien Zeller

VAT No FR 53 200 052 264

represented by Jean ROTTNER, President,

(hereinafter referred to as "the coordinating beneficiary")

to sign in my name and on my behalf the grant agreement and its possible subsequent amendments with the Contracting Authority.

2. Mandate the coordinating beneficiary to act on behalf of the associated beneficiary in compliance with the grant agreement.

I hereby confirm that the associated beneficiary accepts all terms and conditions of the grant agreement and, in particular, all provisions affecting the coordinating beneficiary and the associated beneficiaries. In particular, I acknowledge that, by virtue of this mandate, the coordinating beneficiary alone is entitled to receive funds from the Contracting Authority and distribute the amounts corresponding to the associated beneficiary's participation in the action.

I hereby accept that the associated beneficiary will do everything in its power to help the coordinating beneficiary fulfil its obligations under the grant agreement, and in particular, to provide to the coordinating beneficiary, on its request, whatever documents or information may be required.

I hereby declare that the associated beneficiary agrees that the provisions of the grant agreement, including this mandate, shall take precedence over any other agreement between the associated beneficiary and the coordinating beneficiary which may have an effect on the implementation of the grant agreement.

I furthermore certify that:

1. The associated beneficiary has not been served with bankruptcy orders, nor has it received a formal summons from creditors. My organisation is not in any of the situations listed in Articles 136 (1) of the EU Financial Regulation¹.
2. The associated beneficiary will contribute to the project in line with the amounts detailed in Form FC.
3. My organisation will participate in the implementation of the project as detailed in this proposal. The associated beneficiary will conclude with the coordinating beneficiary an agreement necessary for the completion of the work, provided this does not infringe on our obligations, as stated in the grant agreement with the Contracting Authority. This agreement will be based on the model proposed by the Contracting Authority. It will describe clearly the tasks to be performed by my organisation and define the financial arrangements.
4. I commit to comply with all relevant eligibility criteria, as defined in the LIFE Multiannual Work Programme 2018-2020 and the LIFE Call for Proposals including the LIFE Guidelines for Applicants.

This declaration and mandate shall be annexed to the grant agreement and shall form an integral part thereof.

I am legally authorised to sign this statement on behalf of my organisation.

I have read in full the LIFE Model Grant Agreement with Special and General conditions for integrated projects and the Financial and Administrative guidelines provided with the LIFE application files.

I certify to the best of my knowledge that the statements made in this proposal are true and the information provided is correct.

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal				
Le Parc national de forêts a été créé par Décret du 6 novembre 2019 après une période de préfiguration proche de 10 ans. La gestion et l'aménagement du Parc national de forêts est assurée par un établissement public national à caractère administratif dont le siège est à Arc-en-Barrois (Haute-Marne). Il met en oeuvre une charte de territoire définie pour 15 ans (2019-2034). Le territoire du Parc national de forêts est situé à cheval entre deux départements (Côte-d'or et Haute-Marne) et entre deux régions (Bourgogne-Franche-Comté et Grand Est). Le parc national de forêt compte quatre types d'espaces : - L'aire optimale d'adhésion qui constitue le périmètre large du parc national couvrant 127 communes et représentant 184 475 hectares. - L'aire d'adhésion représente 143 214 ha et couvre les 95 communes (75% des communes) ayant décidé d'adhérer à la charte du parc national ; - Le cœur couvre 56 614 ha répartis sur 60 communes. Il est constitué de forêts à 95%, le reste étant des zones agricoles. Il a vocation à la protection des patrimoines naturel, culturel et paysager et fait l'objet d'une réglementation. - Au sein du cœur, la réserve intégrale (en projet) qui doit être créée en Haute-Marne couvrira une superficie de 3100 ha en forêt domaniale d'Arc-Chateauvillain. L'objectif de cet espace est de constituer un espace de référence où la nature est laissée en libre évolution. Au sein du réseau des parcs nationaux, reconnus internationalement comme des outils forts de protection de la nature, le Parc national de forêts a plus particulièrement vocation à protéger les milieux naturels des forêts feuillues de plaine de la métropole française. Plus généralement à l'instar des 10 autres parcs nationaux français, il affiche cinq finalités : - Connaître et protéger le patrimoine (naturel, culturel et paysager) des territoires classés en parc national ; - Accompagner les acteurs locaux dans une logique de développement durable ;				

- Faire connaître le patrimoine et accueillir les visiteurs sur le territoire ;
- Faire participer les acteurs locaux à la gouvernance des parcs nationaux ;
- Contribuer aux politiques régionales, nationales et internationales.

Brief description of the Associated Beneficiary's activities and experience in the area of the proposal				
Le patrimoine naturel remarquable du PNR a permis le classement de 60% de son territoire en sites Natura 2000. Le PNR est gestionnaire de 7 sites Natura 2000 et assure l'animation nécessaire à la mise en œuvre des programmes d'actions de chacun de ces sites qui accueillent pour certains des espèces sensibles au dérangement ou au piétinement. Dans le massif forestier ardennais la situation de l'avifaune nicheuse reste fragile. Sur les marais tourbeux la fréquentation est à limiter en raison des risques de cueillettes et de piétinement. Sur les escarpements rocheux des vallées de Meuse et Semois, le hibou grand duc et le faucon pèlerin qui sont présents sont sensibles au dérangement durant la période de reproduction. Enfin la fréquentation des ardoisières en hiver est la principale cause de mise en péril de l'hivernage des chiroptères, le PNR comportant une vingtaine de gîtes d'hivernations et 2 colonies de reproduction connues. Or, le PNR est de plus en plus reconnu pour ses patrimoines naturels et les possibilités de pratiques de sport de nature qu'il offre. C'est pourquoi, il a souhaité être territoire pilote de la mise en œuvre de zones de quietude et aussi partager son expérience en matière de tourisme durable ; expérience développée dans le cadre d'une coopération INTERREG avec des partenaires wallons.

09/03/2021

Monsieur le Président,

Tout d'abord, je tiens à adresser mes sincères félicitations à la Région Grand Est, qui a vu la première phase de ce projet Life intégré recueillir un accueil favorable de l'Union Européenne.

Dans le cadre de la construction collective de la Stratégie Régionale Biodiversité et plus largement dans celui du collectif régional, l'Agence de l'eau Rhin-Meuse contribue aux côtés de la Région Grand Est et des services de l'État à la conduite d'une politique dynamique en matière de préservation et de restauration de la biodiversité sur le bassin. C'est donc naturellement que nous restons à vos côtés dans la construction de ce projet.

Les enjeux et actions identifiées dans le cadre opérationnel du projet Life « Biodiv'Est » constituent un réel socle sur lequel pourra s'appuyer l'action collective en matière de biodiversité dans les années à venir. En effet, la mobilisation de l'ensemble des acteurs, l'amélioration des connaissances, le renforcement de l'ingénierie ou encore le déploiement d'opérations pilotes sont autant de préalables indispensables à l'essaimage de projets et de conditions de réussite pour l'atteinte des objectifs environnementaux définis dans nos documents stratégiques respectifs.

L'obtention de financements européens permettrait ainsi de renforcer la dynamique engagée sur le territoire régional et de porter conjointement une politique encore plus ambitieuse.

.../...

En outre et comme vous le mentionnez, de nombreuses thématiques d'actions identifiées dans ce programme rejoignent directement les priorités de l'Agence de l'eau Rhin-Meuse : adaptation des milieux naturels aux changements climatiques, amélioration des connaissances notamment sur les prairies et les services qu'elles rendent, renforcement de l'ingénierie technique et mise en réseau d'acteurs, sans oublier la sensibilisation et la formation des élus, citoyens et professionnels...

Ce programme Life, piloté par la Région Grand Est, associe d'ores et déjà nombre de partenaires techniques, ce que je tiens à souligner. Il me paraît nécessaire de rappeler l'importance de s'appuyer sur l'expertise et l'expérience des acteurs historiques du territoire en matière de milieux naturels.

C'est dans ce sens que l'Agence de l'eau souhaite poursuivre l'accompagnement de ces structures aux côtés de la Région afin de renforcer les compétences et constituer un appui technique de pointe aux porteurs de projets, particulièrement dans le cadre du développement d'ingénieries territoriales ciblées à leur niveau.

C'est pourquoi, je vous confirme le soutien de principe de l'Agence de l'eau Rhin-Meuse au programme Life « Biodiv'Est », qui pourra se décliner sous la forme de contributions financières aux actions qui s'inscrivent dans le cadre de nos politiques d'intervention.

Vous trouverez à cet effet le formulaire « Co-financer profile and commitment form » en pièce jointe, qui vient appuyer cette position de principe dans la constitution de votre dossier auprès de la Commission européenne.

J'attire votre attention sur le fait que le financement des actions du programme est conditionné au dépôt de demandes d'aides qui seront instruites, selon les modalités en vigueur et proposées au vote de nos instances délibérantes. Aussi le montant proposé dans le formulaire ne constitue pas un engagement formel et est donné à titre indicatif.

Enfin, si le souhait de l'Agence de l'eau Rhin-Meuse est bien de s'inscrire dans la durée aux côtés de la Région Grand Est, il n'est pas possible pour l'heure de présumer des politiques d'intervention qui seront définies au-delà de notre 11^e Programme.

Vous souhaitant la meilleure réussite dans la poursuite de ce projet, je vous prie d'agréer, Monsieur le Président, l'assurance de ma considération distinguée.

Le Directeur Général,

Marc NOBLET

Lyon, le 18 mars 2021

Objet : Co-financement du LIFE « Biodiv'Est »

Monsieur le Président,

Dans le cadre du futur programme **Life Intégré en faveur de la Biodiversité Grand Est**, vous avez sollicité l'agence de l'eau Rhône Méditerranée Corse pour un engagement de 108 338 € sur une période de 10 ans entre 2021 et 2031.

Certaines actions se déroulant sur le bassin Rhône-Méditerranée pouvant concourir à l'atteinte des objectifs de notre 11^{ème} programme d'intervention (restauration et préservation des milieux humides, adaptation au changement climatique, biodiversité et restauration de la trame turquoise), je vous confirme le soutien de principe de l'agence de l'eau Rhône Méditerranée Corse à ce programme Life « Biodiv'Est ». Ce partenariat pourra se décliner sous la forme de contributions financières aux actions qui s'inscrivent dans le cadre de nos politiques d'intervention et pour lesquelles nous serons sollicités.

Vous trouverez à cet effet le formulaire « Co-financer profile and commitment form » en pièce jointe, qui vient appuyer cette position de principe dans la constitution de votre dossier auprès de la Commission européenne.

J'appelle toutefois votre attention sur le fait que le financement des actions du programme est conditionné au dépôt de demandes d'aide qui seront instruites selon les modalités en vigueur, et proposées au vote de nos instances délibérantes. Aussi le montant proposé dans le formulaire ne constitue pas un engagement formel et est donné à titre indicatif.

Enfin, si le souhait de l'agence de l'eau Rhône Méditerranée Corse est bien de s'inscrire dans la durée aux côtés de la Région Grand Est, il n'est pas possible pour l'heure de présumer des politiques d'intervention qui seront définies au-delà de notre 11^{ème} programme (2019-2024).

Vous souhaitant la meilleure réussite dans la poursuite de ce projet, je vous prie d'agréer, Monsieur le Président, mes salutations distinguées.

Bien à vous

Le Directeur général,

2703

Laurent ROY

Comment			
Ce soutien financier de principe reste tributaire des dotations annuellement reçues par la DREAL Grand Est dans le cadre de son programme biodiversité. Il pourrait par ailleurs être amené à évoluer en fonction de l'évolution des compétences respectives de l'État et des collectivités en matière de biodiversité, notamment en matière de gestion et de financement des sites Natura 2000.

Rozérieulles, le 24 mars 2021,

Contribution de l'OFB au Life Biodiv'Est

Monsieur le Président,

Par courrier du 2 mars, vous avez sollicité la contribution tant technique que financière de l'Office français de la biodiversité (OFB), au projet européen LIFE intégré que dépose la Région Grand Est pour un co-financement de l'Union Européenne.

Ce projet mobilisateur LIFE Biodiv'Est, s'il est accepté, fera plus que doubler les contributions financières des membres du collectif régional aux politiques communes en faveur de la biodiversité. Un courrier national d'engagement financier de l'OFB est à cette fin parvenu aux services de la Région.

La Direction Régionale Grand Est de l'OFB a pris sa part et continuera à vous appuyer techniquement dans la mise en œuvre des actions du LIFE intégré. Grâce à cette excellente collaboration, plusieurs actions viennent très significativement renforcer des politiques de l'Office :

- assistance technique aux porteurs de projets dont les Territoires Engagés pour la Nature,
- formation des professionnels et des élus,
- aires éducatives pour les classes primaires et les collèges,
- mobilisation et communication sur la biodiversité du Grand Est dans le cadre de l'Observatoire régional de la biodiversité et de la plateforme internet,
- Atlas de la Biodiversité Communaux,
- opérations pilotes sur les solutions d'adaptation fondées sur la nature en forêt et prairies, etc.

La réussite du LIFE reposera sur la solidité de sa gouvernance à laquelle nous pourrons contribuer par notre participation au comité de pilotage du projet. Pour la direction générale, il serait intéressant d'étudier, dans les premières années du LIFE, différentes solutions possibles pour stabiliser la gouvernance partenariale des politiques de biodiversité, avec un scénario privilégiant la mise en place d'une Agence Régionale de la Biodiversité (ARB).

Enfin, ce LIFE intégré, dernier de sa génération contribuera au montage du futur projet LIFE SNaP qui a vocation à susciter et mettre en relation des projets au niveau régional, qu'ils soient cofinancés par le fonds LIFE ou d'autres fonds européens, pour avoir un cadre cohérent d'actions en faveur de la biodiversité mis en place au bon niveau de subsidiarité.

Ainsi, dans la continuité de l'actuelle convention public/public liant l'OFB et la Région Grand Est, et en cohérence avec les missions de l'OFB au titre des Agences régionales de biodiversité, nous poursuivrons notre soutien financier aux politiques régionales de biodiversité.

Je sais l'implication constante de la Région Grand Est sur les thématiques de reconquête de la biodiversité qui participent à la qualité de vie des habitants et au rayonnement des territoires.

Je me tiens à votre entière disposition pour une prochaine rencontre et vous prie dans cette attente d'agréer, Monsieur le Président, l'expression de mes salutations distinguées.

Le Directeur régional,

Bien à vous,

OFFICE FRANÇAIS DE LA BIODIVERSITÉ
Le Directeur Régional Grand Est

Xavier MORVAN

Objet : Demande de contribution de l'Agence de l'eau Seine-Normandie au projet Life Biodiv'Est

Monsieur le Président,

Par courrier du 15 février 2021, vous me faites part des différentes démarches engagées par la région Grand Est vis-à-vis de la préservation et restauration de la Biodiversité de votre territoire avec la définition d'une Stratégie Régionale Biodiversité (SRB) et l'élaboration d'un projet Life intégré Biodiv'Est dont la « concept note » a été retenue par la commission européenne.

L'objectif de ce dernier est de mettre en place de l'ingénierie et des développeurs de projet afin de mobiliser les acteurs pour l'atteinte des objectifs ambitieux de la SRB.

Après les dernières publications¹ qui confirment les menaces qui pèsent sur les espèces et les habitats, notamment celles liées aux milieux humides et aquatiques, je tenais en premier lieu, à saluer le travail accompli par vos équipes.

Ce courrier me donne également l'occasion de vous remercier pour la collaboration mise en œuvre au sein du collectif régional et son comité des financeurs.

Ce travail partenarial au sein du collectif vous a permis de mieux appréhender la politique de soutien à la biodiversité mise en œuvre par l'Agence de l'eau Seine-Normandie mais qui se limite à la biodiversité humide ou turquoise.

Le programme d'actions du projet Life intégré Biodiv'Est n'étant pas totalement défini, il m'est difficile de m'engager, à ce stade sur le montant des aides qui pourraient être allouées.

La transmission d'un dossier détaillé de demande d'aides permettant l'instruction et la présentation à la commission des aides compétentes permettrait de déterminer le montant de la participation financière de l'Agence.

¹ liste rouge des espèces menacées en France – UICN MNHN OFB

Vous comprendrez donc que je ne puisse pas m'engager globalement à vos côtés à contribuer à ce projet à hauteur d'une enveloppe globale sur 10 ans même si je vous confirme que l'Agence de l'eau Seine Normandie pourra accompagner les actions conduites en déclinaison du programme Life « Biodiv'Est », si elles sont éligibles au programme d'intervention en vigueur au moment de la demande d'aide.

Je souhaite attirer votre attention sur le fait, qu'en première analyse, les dépenses liées à la mise en place de développeurs de projets n'est pas éligibles aux dispositions du 11e programme de l'Agence de l'eau Seine-Normandie.

Si le souhait de l'Agence de l'eau Seine Normandie est bien de s'inscrire dans la durée aux côtés de la Région Grand Est, il n'est pas possible pour l'heure de présumer des politiques d'interventions qui seront définies au-delà de notre 11e Programme (2019-2024).

Je vous prie d'agréer, Monsieur le Président, l'expression de mes sentiments distingués.

La Directrice Générale de l'agence de l'eau
Seine Normandie, par intérim

Sandrine ROCARD

NB : La présente décision peut être contestée devant le tribunal administratif de Cergy Pontoise dans le délai de 2 mois à compter de sa notification (Art R 421-1 du code de justice administratif.)

ANNEXE

Aide XIème programme sur biodiversité humide et turquoise

Les études et travaux de restauration des milieux aquatiques et humides et de leurs zones connectées (trame turquoise) sont aidés à 80 %.

Items du projet Life BIODIV'EST pouvant présenter un appui de la part de l'agence (sous réserve de transmission d'une demande d'aide complète)

C1 – Mobilisation des acteurs :

Opérations de partenariats éducatifs « Eaux – Changement Climatique - Biodiversité humide »

Conditions : Minimum de 100 personnes / actions ; inscription dans la durée, démarche pédagogique structurée comprenant 5 étapes (introduction, structuration collective, mise en œuvre, restitution, évaluation)

Eligibilité : montant des dépenses nécessaires à la réalisation de l'action (location, repas, transport, prestations, ...)

taux : 80 %

Opérations de formations et ateliers participatifs « Eaux – Changement Climatique - Biodiversité humide » de public cible comme des industriels, artisans, agriculteurs, ...

Conditions : conception, organisation, animation d'une formation de 1 (formation) à 5 jours (ateliers participatifs) avec rencontres, visites et ateliers

Eligibilité : montant des dépenses nécessaires à la réalisation de l'action (location, repas, transport, prestations, ...)

taux : 80 %

Classes d'eau scolaires, par l'intermédiaire de structures relais, du cycle 1 à Bac+5 pour de l'enseignement général, professionnel et technologique, et dans tous domaines et spécialités.

Forfait : 700 € / classe

C2 – Amélioration de la connaissance pour piloter l'action

Plan d'actions vis à vis d'espèces aquatiques menacées de projets intégrant l'ensemble des volets suivants : connaissance, actions de restauration des habitats, suivis de l'évolution et valorisation du projet.

Eligibilité : montant des dépenses nécessaires à la réalisation de l'action (moyens humains selon les modalités d'aides en régie et respect du seuil minimum de 0.5 ETP, matériels, travaux, frais de communication, prestations, ...)

taux : 80 %

C3 – Renforcement de l'Ingénierie (pôle Zones Humides)

Chaque territoire régional a un historique et un fonctionnement contextuel qui lui sont propres ce qui ne permet pas, à mon sens, une transposition intégrale d'une région à une autre des missions mises en œuvre par les structures associatives des territoires. Ainsi, une analyse globale préalable des missions portées par les acteurs du territoire Grand Est et l'identification des besoins et manquement permettraient d'intensifier l'émergence d'actions en faveur de la biodiversité humide.

De nombreuses structures interviennent sur le territoire de la région Grand Est, tels que : les **Conservatoires** sur les plans d'actions nationaux et régionaux « espèces », « mares », la gestion et préservations de sites remarquables et d'aires protégées, **les parcs régionaux et nationaux**, le **forum des marais atlantiques** pour la cartographie des zones humides et les outils de prise en compte des zones humides dans les documents d'urbanisme, **les associations naturalistes et d'éducation à l'environnement** pour la mise en œuvre d'actions et la sensibilisation. Des contrats sont également déployés sur le territoire avec les collectivités et syndicats ayant la compétence GEMAPIENNE pour le volet connaissance/préservation/restauration des milieux aquatiques et humides.

L'agence finance uniquement des postes d'animations dont l'objectif est de dynamiser, susciter, organiser, faire émerger et suivre des actions qui concourent aux objectifs de l'agence auprès de ces différentes structures ainsi que les nombreuses actions qui découlent de cette animation.

L'assistance à maîtrise d'ouvrages auprès des attributaires des aides de l'agence peut faire l'objet d'un financement si les dépenses sont intégrées au projet sous la forme d'une prestation.

Ainsi, tout en veillant à la bonne articulation avec les missions existantes précitées, et en ajustant si besoin l'ensemble, il conviendrait que l'animation du pôle Milieux Humides des CENs Grand Est, notamment le territoire de l'ex Champagne-Ardenne, portent sur des actions visant : **l'appui aux inventaires zones humides** (méthodologie, conseils et avis techniques), **l'appui technique aux stratégies d'interventions** par le développement d'outils d'aides à la décision et à la priorisation des actions sur les territoires en fonction de leurs enjeux eaux, la **coordination des inventaires**, **l'appui à la stratégie foncière zone humide des territoires**, **l'élaboration de « porté à connaissance »** sur les zones humides pour l'élaboration des documents d'urbanisme en dehors des territoires couverts avec les parcs et les SAGE), à la communication/sensibilisation par l'organisation de journées techniques, de forum, ...

Auquel cas, une participation de l'agence à ce pôle Milieux Humides pourrait être envisagé selon les modalités suivantes.

Eligibilité : montant des dépenses nécessaires à la réalisation de l'action (moyens humains selon les modalités d'aides en régie et respect du seuil minimum de 0.5 ETP, frais de communication)

taux : 80 %

C.4. Innovation et opérations pilotes

Opérations pilotes d'adaptation / atténuation du changement climatique

Des appels à projets sont ouverts pour la **préservation des systèmes prairiaux** via les paiements pour services environnementaux (PSE), pour la mise en œuvre d'actions qui conduisent à la **suppression et la réduction des pesticides** (filiale BNI, conversion à l'agriculture biologique plan écophyto, , ...) porté par les chambres consulaires, les fédérations et les acteurs économiques du territoire qui contribuent à l'atteinte des objectifs de qualité des eaux mais également à la biodiversité des milieux terrestres.

Compte tenu du récent développement des PSE et de la réforme de la Politique Agricole Commune à venir, le développement d'animation dans ce domaine me semble prématuré.

Création et suivi de 50 espaces de quiétudes et de 10 réserves naturelles pilotes

Pour les espaces et réserves à caractères humides ou connectés, un accompagnement financier à la restauration et gestion peut être accordée

Eligibilité : montant des dépenses nécessaires à la réalisation de l'action (moyens humains selon les modalités d'aides en régie et respect du seuil minimum de 0.5 ETP, matériels, travaux, frais de communication, prestations, ...)

taux : 80 %

Monsieur Jean ROTTNER
Président du Conseil Régional du Grand Est
Maison de la Région
1 place Adrien ZELLER

Metz, le 23/03/2021

Objet : Projet LIFE « Biodiv'Est »

Monsieur le Président,

Tout d'abord, je tiens à adresser à la Région Grand Est mes sincères félicitations pour l'accueil favorable reçu de la part de l'Union Européenne pour la première phase de ce projet Life.

La biodiversité est un axe important de la transition écologique. La stratégie de l'ADEME pour une bioéconomie durable s'applique à rechercher un équilibre entre les impacts environnementaux (émission de gaz à effet de serre, perte de biodiversité, production de déchets...) générés par les secteurs agricoles, forestiers et leurs filières de transformation, et les services rendus (production d'énergies renouvelables, protection de la biodiversité, paysage, alimentation...). C'est donc naturellement que l'ADEME sera présente à vos côtés pour mener à bien ce projet.

L'ADEME mettra au service de ce projet toutes ses compétences notamment sur le climat, l'énergie, la bioéconomie durable et les sols.

Vous souhaitant la meilleure réussite dans la poursuite de ce projet, je vous prie d'agréer, Monsieur le Président, l'assurance de ma considération distinguée.

Jérôme BETTON
Directeur Régional
